Peat Moss—Medium and Fine		\$3.65 bale
Asparagus Salt	100 lbs.	\$1.45

### PLANT VEGETABLES FOR VITAMINS AND VICTORY!

We are facing what appears to be the most serious food conditions our country has ever experienced. As a result, we urge every family to have a Victory Garden that will help take care of some of their food requirements.

Do not buy seed that you will not plant and do not plant more than you can take care of properly, but work what you plant thoroughly, for the greatest food production possible. We must feed our own people and we are helping to feed the world. Much seed from our country is needed abroad.

We have provided sufficient seed to take care of our normal needs. Should we have an unusual demand, some items may be short as the season advances, therefore, we urge you to place your order in February or early March, which will greatly help in overcoming shortage of labor.
